## TALKS TO 'GRADS'

THE REV. G. S. COX ADDRESSES HIGH SCHOOL PUPILS.

## 'LEARN SELF-CONTROL'

Sermon to Mid-Winter Class of Eight Dwelt on Mastery of Self—Auditors Filled Church.

The need of individuality, self-mastery and self-culture, and Christ's example in this regard, was emphasized in the sermon of the Rev. Gilbert S. Cox to the mid-winter graduating class of eight high school pupils at the First Methodist church last night. It was almost a capacity audience that heard Mr. Cox's address to the class, the entire auditorium being filled while many were compelled to take seats in the balcony. Many from the First Christian church attended, that church abandoning evening service on this occasion.

The musical program was furnished by the usual church choir, and by Prof. P. O. Landon, organist. The choir anthem was "Unfold Ye Portals," from "The Redemption." A vocal solo, "Judge Me, O God," by Dudley Buck, was given by Mr. Cox.

The graduating class which the sermon was for, is composed of Nina L. Bent, Ruth E. Foster, Marie J. Shipp, Leah E. Norris, Roine B. Gray, James H. Gray, Jesse W. Miller, Jr., and Jesse Strader.

### Individuality is Lost.

"We are living in an age of social emphasis," said Mr. Cox. "Men are spoken of by classification—farmers, merchants, laborers, capitalists. If we give to charity it is usually to a fund and distributed through an organization. Individual gifts to individuals are frowned upon by the well informed. The story of the young man who wished to propose to the clerk No. 429 may not be fiction. In mine, manufactory, store and market place men have lost their identity and are operators, clerks and laborers.

In the light of these things it might seem that the text is not up to date. But whether it is or not, it is the Christian point of view. One of the finest things Jesus ever said was 'I know my sheep, and the good shepherd calleth his own by name.'

"If Jesus healed the multitudes it was by individuals, and his picture of the rewards of life is not a promise to any class, denomination, but to the individual.

"Paul was writing to Timothy, a young man whom he loved as his own son, and this was his advice. 'Take heed to thyself.'

"Make the most of your own possibilities, your own life is of first importance, increase your own possibilities but multiplying your powers.

"If advancement is ever made in education it will be because certain individuals increase in learning and culture. A class is a brilliant class only as the members of that class are apt to learn. Very little of any of the sciences, literature or art is mastered by absorption.

"Hearty personal application is the only road into an education. The building of the church began when Jesus received the reply from Peter at Caesarea Philippi. Upon this personal confession and faith will I build my church, and so it is with the building of any great and enduring enterprise. Taking heed to thyself then seems to be a very fundamental advice. When we consider the words of the world's great teachers we find that to this they have given their best thought and expression. A. J. Lyman has a book entitled 'The Three Greatest Maxims,' in which he argues that the three greatest maxims in the world deal with self-culture—know thyself control thyself and deny thyself. These three then represent ways in which we are to cultivate the self.

**Know Yourself.**  
"The first is the saying of Socrates—I must first know myself. I should be absurd indeed if, while I am still in ignorance of myself, I were curious about that which is not my business. What I am, whether I am going, these are the questions.

"We recognize the fact that man's failures in the business and professional life are caused by the lack of this important knowledge. It is also evident in the moral world.

### Learn Self-Control.

"The moment of the dawning consciousness of Jesus of the meaning of His life is strikingly interesting. 'I must be about my Father's business.' We are not here to play, to dream, to drift. We have hard work to do, and loads to lift. Shun not the struggle, face it; 'tis God's gift.

"The second—control thyself—is the saying of Marcus Aurelius. 'The chief duty is self-control. Even in thy pleasures master thyself.

"The Master is again the exemplar in this. He spent thirty years of His life gaining self-control and preached three. His temptation at the beginning of His ministry was typical of the struggle that every true man must have. That battle having been won, the rest is assured success.

"In the closing moments of His life, when one yielding might have ruined all, He was led as a lamb before the mob, and as a sheep before the shearers is dumb, so he opened not His mouth.

### Master One's Self.

"The third is the saying of Jesus—deny thyself. On the surface these three seem mutually exclusive, but they really are complimentary. Self-knowledge, self-mastery and self-sacrifice make a noble rule for higher manhood and womanhood. The selling and giving required of the rich young ruler is still the law of entrance into eternal life. Men whose memory we cherish today, persons the world refuses to forget, are those who have lived by this rule."

## NEW PASTOR AT ST. MARY'S

Rev. Father Schieber Assumes Duties Today—Former Pastor to Idaho.

The Rev. Willibrod Beck, O. S. B., who has been pastor of St. Mary's Catholic church for the past two years, left yesterday for Idaho, where he will assume charge of a large congregation at Cottonwood.

The Rev. Odilo Schieber, O. S. B., who has been on duty in Idaho for the past two years, has been appointed to fill the vacancy at St. Mary's church. The Rev. Father Schieber was born at Conception thirty-nine years ago. He is the son of John Schieber of Conception, and has been quite successful in his former field of labor.

### FRANK BUCK DIES.

Succumbs Yesterday to Month's Illness—Will Hold Funeral Tomorrow.

Frank Buck, aged 62, died yesterday afternoon at St. Francis hospital, his death following an illness of nearly a month, with organic heart trouble.

The funeral services will be held at 2 o'clock tomorrow afternoon at the Myrtle Tree church, east of the city. The Rev. G. S. Cox, pastor of the First Methodist church, will conduct the service, and the body will be interred in the Myrtle Tree cemetery.

Mr. Buck was born at Mansfield, O., August 11, 1852. He was married in 1874 to Miss Clara Cowell of Springfield, Ill., and their home was made there until 1882, when they moved to Nodaway county and lived on a farm northeast of the city. Mr. Buck is survived by his wife and five children. The children are Mrs. Joe Updegraff of this city; Fred Buck, living east of Maryville; Roy, of Los Angeles, Cal.; Frank of South Dakota, and Ernest, of Milwaukee. All of the children except the son in California, are in Maryville at present. A daughter, Mrs. Grace Thompson, died in this city three years ago.

### Bedford Guests Here.

Mr. and Mrs. Edward Cobb and daughter, Marian, of Bedford, Ia., spent Saturday in the city the guests of Mr. and Mrs. A. T. Clark.

### Leave for Grant City.

Mr. and Mrs. B. F. Lowry left Saturday for Grant City to spend a few weeks' visiting their son, R. H. Lowry, and family.

Mrs. W. H. Tilson of St. Joseph came to Maryville last night to spend several weeks visiting her son, W. R. Tilson, and family.

## MANY MISSOURIANS

SEVERAL GOVERNMENT POSITIONS HELD BY STATE RESIDENTS

## YOUNG MEN 'GET THERE'

Those Favored With Jobs by Uncle Samuel Not All Elderly—Agricultural Secretary Best Place.

(By W. C. Van Cleave.)

Washington, D. C., Jan. 8.—The women have come and have seen, but they have not conquered the president yet on the federal suffrage amendment.

Missouri recess appointments do not seem to be altogether desirable.

Don Hunt of Holt county, who has been stenographer to Senator Reed for the past year was recently promoted to be clerk to the committee on manufactures, of which Senator Reed is chairman. Mr. Hunt is a young attorney of Oregon and is a bright and most excellent young man. Homer Huff, son of the Rev. William Huff of Moberly, has also recently secured a place in Senator Reed's office, taking the place formerly held by Mr. Hunt. He is also an excellent young man.

Missouri has the honor of supplying several important department officials here under the present administration, and it should be a source of satisfaction to Missourians to know that its representatives are rated as among the best.

Secretary of Agriculture Houston is credited to Missouri, although his residence in the state had been short. Former Governor Joseph W. Folk is chief counsel to the interstate commerce commission at a salary of \$10,000 per year. John D. Orear of Mexico was made minister to Bolivia.

Frank P. Walsh of Kansas City, who became famous through his brilliant defense of Dr. Hyde, charged with the murder of members of the Swope family, as the doctor's attorney in chief, is now chairman of a commission known as the commission on industrial relations, created to investigate the relations between capital and labor and numerous other things.

Joseph P. Johnston, who has been in the postal service so long that it won't run without him, has been made chief postoffice inspector. Johnston probably knows more things that he won't tell than any man in the country.

Former Governor Dockery, as third assistant postmaster general, has charge of the financial affairs of the postoffice department, and was a foregone success. His long service on the committee on appropriations, when a member of congress, gave him a valuable preliminary training for the work he is now doing, and he has worked a number of valuable reforms in his office.

He has more than doubled the deposits in the postal savings banks of the country. He has made the postal money order payable at any money order station, instead of at only one station, and has thereby worked a great inconvenience to the public. One of the serious problems he has had to deal with has been the handling of the international money order business since the outbreak of the European war.

When personal and bank checks were no longer accepted abroad the public demand for international money orders became great, and it has required skillful handling, owing to the fluctuating rates of exchange, to realize a profit for the government on this business.

James L. Baity, auditor for the war department, was a former newspaper man of La Plata, Macon county. He came to Washington as secretary to Senator Reed, and, in the early part of the administration was appointed to the place he now holds. He is a young man of good judgment and has demonstrated that a man does not have to have gray hair to make good. He has never held an office, but has taken hold like a veteran.

His office force audits the expenditures of the war department and the Panama canal enterprise, amounting to more than two hundred million dollars per year. He has a force of about 425 people, all under the civil service. He has reorganized his force so as to get capable men with the success of the administration at heart in charge of the different divisions and has materially improved the work of his department.

## FORGERY CHARGED

ALLEGED E. F. STEINBERG PASSED BAD CHECKS AT HOPKINS.

## PAL HELD FOR LARCENY

Three North End Business Firms Fall for \$18.25 Each—Suspect Waives Preliminary Today.

E. F. Steinberg, 32 years old, waived preliminary hearing in Justice W. L. Johnson's court here this morning and was bound over for trial in circuit court here next week, on a charge of having forged and passed three worthless checks each for \$18.25 in Hopkins recently. The arrest of Steinberg, followed an investigation made by prosecuting attorney W. G. Sawyers. It resulted Saturday night in Sheriff Edwin Wallace bringing Steinberg back to the county jail here from Savannah.

Steinberg and a pal were arrested by the Andrew county authorities last week, on complaint of a Burlington brakeman. He alleged that they stole an overcoat from him while they were passengers on a Burlington train. In the preliminary at Savannah Saturday Steinberg's pal was bound over to circuit court for larceny, while Steinberg was released.

### Is Released, Then Arrested.

Immediately Wallace "nabbed" him and brought him back to Maryville on the charge of having forged and passed the three worthless checks.

When arraigned before Justice Johnson this morning Steinberg waived liminary hearing. Being unable to furnish \$500 surety bond, he was committed to the county jail.

The checks passed at Hopkins were dated December 29. Each was for \$18.25, and was drawn on the Bank of Hopkins. They were signed "J. H. Anderson," the name Steinberg is alleged to have assumed, and were signed by "C. F. Allen," which name some suspect Steinberg's pal to have assumed. The checks were cashed by the Wolfers Mercantile company, Owl Pharmacy, and the Saylor Hardware company.

### Made Small Purchases.

In each instance, it is said, the "J. H. Anderson" would make a small purchase, then present the check, receive his change and leave.

Steinberg and his partner are said to have come to Maryville immediately after visiting Hopkins. They are said to have spent a couple of days here, then to have gone away, later to have returned, then left over the Burlington for Savannah, where they were arrested. No worthless checks bearing "Johnson's" signature have been reported by local business men.

Steinberg is held on three counts.

## BRITISH OCCUPY LILLE

Germans Evacuate French City—Catholic Head Would Not Offend Teutons.

London, Jan. 11.—The Germans have evacuated Lille, after a stubborn fight, and the British now are in possession there, according to a dispatch from Boulogne.

Amsterdam, via London, Jan. 11.—The Telegraph says it learns that the papal nuncio to Belgium has written to Cardinal Mercier, whose recent pastoral letter to the Belgian Catholics created such a discussion and led to reports that the cardinal had been detained by Germans, suggesting that hereafter he write nothing which might offend the Germans.

### HAVE SACRAMENTAL SERVICE.

South Methodist Revival Draws Many—Evangelist Describes "Passing Over."

The services at the Buchanan Street Methodist church yesterday were well attended, considering the weather. The sacramental service was especially good, and the interest of the meeting apparently is increasing.

The text last night was Mark 4:34—"Let us pass over to the other side." Evangelist Llewellyn said in part:

"The Gospel is not all didactic. Neither need we always have a subject of carefully formed theology when we come before the people with a message. The pleasing emblems and allegories of the Bible often bring the lessons to us in a more interesting way. This night excursion across the sea of Galilee makes a beautiful allegory.

"There are two sides to our existence—this side and the other side; this world and heaven."

## LOCAL MEN ON PROGRAM

Prof. J. E. Cameron and the Rev. C. R. Green Give Addresses Farmers' Week.

The farmers' week, which begins at Columbia today and continues until Saturday, includes two Nodaway county experts on the program.

Prof. John E. Cameron, teacher in biology and agriculture at the State Normal school, will speak next Thursday on "Birds and Their Relation to Agriculture," at the county life conference, an auxiliary to the regular sessions. Prof. Cameron will leave Wednesday for Columbia.

The Rev. C. R. Green, pastor of the Harmony community church, will also speak Thursday night at Columbia. His topic will be "The Harmony Community." He was a speaker at last year's farmers' week.

D. Ward King of Maitland, "daddy of the split-log drag," also is on the program for a speech.

The Missouri state board of agriculture also will celebrate its fiftieth anniversary during farmers' week.

The following associations also will hold afternoon meetings during farmers' week: Saddle Horse Breeders' association, Cattle Feeders' association, Association of County and District Fairs, Farm Management association, Draft Horse Breeders' association, Women Farmers' club, Homemakers' conference, State Dairy association, Corn Growers' association, Missouri Duroc Jersey Breeders' association. In connection with farmers' week there is held the Missouri ham and bacon show and the state corn show. The Boone County Poultry association also holds its annual meeting at the same time.

Beginning Tuesday morning the college of agriculture will conduct a free four days' short course for farmers, which course will include work in soils, farm crops, insect control, bee keeping, farm carpentry, farm forging, poultry raising, home economics, farm buildings, farm management, animal husbandry, dairy husbandry, veterinary practice, fruit production, automobile practice, slaughtering, meat cutting, rural economics, farm mechanics and forestry.

### HOLD NASH RITES.

Services Held at Baptist Church Yesterday.

The funeral services for Dr. George A. Nash, who died Friday morning, were held at 2:30 o'clock yesterday afternoon at the First Baptist church. The services were conducted by the pastor, the Rev. Lewis M. Hale.

A quartet composed of Mrs. W. M. Westbrook, Miss Hazel Everhart, Orlo Quinn and G. B. Holmes, Jr., sang several numbers and Mrs. Westbrook sang "My Lord and I." The solo was a particular favorite of Dr. Nash, and was sung by request.

The pall bearers were A. W. and S. A. Nash of St. Joseph, brothers; E. T. and J. F. Houston of Stanberry, Selby Reager of McFall and W. A. Moran of Verdon, Neb., brothers-in-law of Dr. Nash.

The interment was made in Miriam cemetery. Among the out-of-town relatives and friends attending the funeral were Dr. J. D. Houston of Nebraska City, Neb., W. A. Moran of Verdon, Neb.; Dr. H. S. Rowlett of Graham, Mr. and Mrs. Selby Reager of McFall, Mr. and Mrs. A. W. Nash, S. A. Nash and Robert Nash of St. Joseph, Dr. Beauchamp of Bedford, Ia.; Mr. and Mrs. M. C. Bean of Creston, Ia.; Mrs. Harry Foster of Des Moines, Ia., and Mrs. Maud Farr of McFall.

### FORMER RESIDENT DIES.

Mrs. Kidwell Succumbs—Will Bring Body Here for Burial.

The body of Mrs. Elizabeth Kidwell, aged 82, who died Friday at the home of her daughter, Mrs. Ida Shinabargar, of Miles City, Mont., will be brought to Maryville for burial. It will arrive here at noon tomorrow, and the funeral services will be held at 1:30 o'clock at the Oak Hill church, five miles east of the city. The body will be interred in the church cemetery.

Mrs. Kidwell lived on a farm east of Maryville until about eight years ago, when she went to Montana to make her home with her daughter.

## 3 BUY FAIR STOCK

FURNISH CAPITAL OF NODAWAY FAIR ASSOCIATION.

## INCORPORATED TODAY

A. O. Mason, J. F. Roelofson and J. A. Ford Execute Papers and Furnish Money—To Continue 20 Years.

The formal execution of the papers incorporating the Maryville-Nodaway County Fair and Agricultural association, with a capital stock of \$25,000, was made before Thomas A. Cummins, notary public, today. The incorporators were A. O. Mason, John F. Roelofson and James A. Ford. They also took all the stock. It is divided into 250 shares, assessed at \$100 each. Of this amount \$21,400 already has been subscribed.

Mason took 235 of the shares, while Ford bought ten and Roelofson took five. The amount subscribed, according to incorporation papers filed with Recorder of Deeds Dan R. Baker, this afternoon, is represented in the real estate and improvements contained in the fair grounds on East First street.

### May Sell Some Stock.

It was originally intended to sell \$5,000 of the stock outside of the incorporators, but later it was decided to take the entire amount, then perhaps later to resell some of the stock.

The fair grounds and improvements there are worth \$25,000, according to the papers, on which is a mortgage for \$3,600, due in October, 1917. The three incorporators will hold office for one year. The incorporation is for a period of twenty years.

The purpose of the association, as given in the legal documents, is to operate and conduct a general county fair and agricultural exhibition, to give premiums for exhibits and speed contests and to otherwise conduct such business as enters into the proposition of conducting a fair of this kind.

## PREPARE FOR TARKIO GAME

Normal Basket Ball Players Expect Close Game Here Wednesday in Opener.

Active preparations and hard training was begun today among the picked basket ball players of the State Normal school for the initial season basket ball game with Tarkio, Wednesday night at the Normal gymnasium. The men, according to all reports, are showing up fine, and with two more days to practice it is expected that the Normal will turn out one of the strongest basket ball teams Maryville has ever seen there.

The first team consists of Leech, Vandersloot and Scott, forwards; Quinn and Ham, centers, and McClintock, Scarlett and Woodward, guards.

The initial game with the Tarkio quintet Wednesday night will be followed January 23 with a game here with William Jewell college. These first two are expected to be the closest of the entire season of seven games.

Relative to Tarkio's preparation for the season, and especially of the "starters," the following dispatch comes from that quarter:

"After four weeks practice and a barnstorming trip during the holiday vacation, the Tarkio college basket ball team will open its collegiate schedule this week, when a three days' trip will be made in a swing around the northern end of the Missouri intercollegiate conference. The schedule calls for twelve intercollegiate games, the limit allowed by the rules of the conference. Two games each will be played with Missouri Wesleyan, William Jewell, Drury and Maryville Normal, and one game will be played with the Central Wesleyan team of Warrenton."

SICK, SOUR STOMACH,  
INDIGESTION OR GAS

Take "Pape's Diapiesin" and in Five Minutes You'll Wonder What Became of Misery in Stomach.

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin, which costs only fifty cents for a large care at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

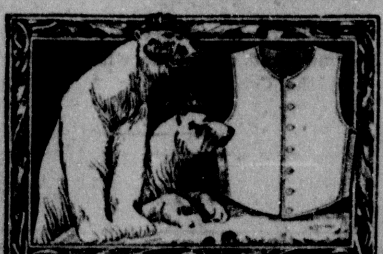

Long Time Loans for Farmers.

Mr. W. C. Brown, a former president of the New York Central railroad, now a farmer in Page county, Iowa, was one of the speakers at the farmers' congress in St. Joseph. Mr. Brown struck the keynote of the farming business when he said the dollar is the first tool the farmer needs. Mr. Brown advises long time loans for the farmers. There is a lot of good common sense in Mr. Brown's argument. So long as money is loaned on the farms that result in putting the farmer out of business so long will we have periodical hard times and business depressions. When a loan on a farm falls due in time of general depression, the mortgagee is sure to want his money. Thus many a good farmer has been forced to make a sacrifice that should never have been made. Mr. Brown says that hope is coming. He believes that relief to the farmer will come through a plan that is being worked out for a federal bank or something of that nature. He was appointed a member of the commission that spent a long time in Europe investigating the plans in vogue in that country.

## AIR FLEET FLIES OVER CHANNEL

Sixteen German Aeroplanes Find  
Weather Too Bad For Raid.

BIROMEN BOMBARD DUNKIRK

England's Answer Occupies Attention of London Press and Public In Absence of Important News From Front—Allies' Artillery Superior.

London, Jan. 11.—The British reply to the American note occupies the attention of the British press and public in the absence of any important news from the battlefields. The German and French official reports of the most recent fighting in the western fields are almost a repetition of those issued on preceding days.

The British eyewitness, who has been the official historian of events at the front, lays stress on the important part played by the artillery and big explosives in modern warfare, and claims superiority for the allies in artillery, which is being used to its full strength.

From the coast to the river Oise, where the country is under water and the rivers are flooded, the big guns have been engaged continuously, but the water and the mud prevent the infantry from coming into action.

Along the Aisne valley, however, and through the Champagne district, as far as western Argonne, the French are pushing their offensive and organizing the ground which they have gained. These gains have been made at heavy cost.

Russ Driven Back.

The only news from the east is the German report that the Russian offensive toward Miawa has met with no success, their force having been driven back.

In the Caucasus the Turks have made a stand on the frontier near Kara Urgan and are fiercely attacking the Russian lines.

Seemingly the Russians believe the report that the Turkish cruiser Goeben, formerly of the German navy, has been damaged, for their Black sea fleet, which is superior to the Turkish fleet without the Goeben, has been attacking Turkish ports and destroying their shipping.

Turkey and Greece are believed to be on the verge of a rupture, owing to alleged persecution of the Greeks in Asia Minor. Roumania is said to be preparing to join in the vast struggle.

German Aviators Fly Over Channel. The Times asserts that sixteen German aeroplanes were seen over the English channel Sunday.

Evidently they contemplated a raid on England, according to the Times, but apparently the pilots found the conditions too bad to continue the journey, for they turned their machines and steered in the direction of Dunkirk.

It is reported that a dozen German aeroplanes bombarded Dunkirk and environs. Thirty bombs were thrown by the airmen, but owing to the precautions that had been taken there were few victims. The material damage was unimportant.

### JENKINS' STOCK SOLD

Woman's Property Goes to Mother of Man Who Slew Her.

Cheyenne, Wyo., Jan. 11.—One of the concluding chapters of the case of J. Warren Jenkins, who murdered his wife that he might inherit her estate, but who did not live to reap the benefits of his crime, being hanged for the murder, was written on the steps of the court house here when eighty-nine shares of the stock of the Leffingwell Mercantile company of Brighton, Colo., were sold at auction by Dr. C. Y. Beard, administrator of Jenkins' estate. The purchaser was A. L. Leffingwell, well stepfather of the murdered woman and president of the Leffingwell company. He secured the stock, which was appraised at more than \$8,000, for \$6,100.

The stock disposed of by Jenkins' administrator constituted the greater portion of the motive for the murder of Mrs. Jenkins. Less than a year after their wedding and after she had executed a will making him her sole heir he clubbed her to death in their home here.

The proceeds of the estate now pass to his aged mother, Mrs. Annie Jenkins.

Student Has Hoof Disease.

Omaha, Jan. 11.—One of the first cases of a human being becoming stricken with the dread hoof and mouth disease is that of Carlisle Stanford Leutz, son of Charles M. Leutz, Young Leutz, who is a graduate of Creighton, is a first year student at the Johns Hopkins medical school in Baltimore, and is now isolated in the Johns Hopkins hospital at that place, where his case is attracting national attention.

### 'THE HARDSHIPS OF SIN'

Baptist Evangelist Raps Prodigal Son Followers in Sermon on "Far Country."

Baptist Revival Topics.

Evangelist Burch will speak on the following subjects each night of this week at the First Baptist church revival:

- Monday—"The Journey Back."
- Tuesday—"An Onion, Two Biscuits, a Nickel and Riding in an Automobile."
- Wednesday—"The Father's Compassion."
- Thursday—"Getting Home."
- Friday—"A Young Fool and a Wild Mule."
- Saturday—"How Connie Mack Picks a Winner."

Each service begins at 7:30 o'clock.

"Hardships of the Far Country"—a rap at the prodigal son and his followers and a comparison of right and wrong living and the results—composed the gist of a sermon delivered last night to a large crowd at the First Baptist church by the Rev. A. E. Burch, evangelist. The service yesterday morning also was fairly well attended.

"The far country is a country of hardships," began Evangelist Burch. "I believe the man who is really serving God is having the best time. The best that is in the world is His, Christ is His, and the promise of heaven's glory is His. There is no comparison between the man that lives in sin and the man that lives for God, and I am not willing that any of us who live for Christ shall give to the world the idea that it is a hardship or a burden. The man that goes into sin, shame and iniquity is the man that has the hardships and the anguish hereafter."

Sinner Is Unhappy.

"The far country is the place of hardships; it is the life of hardships. Don't believe that the young man or woman who goes into sin is having a good time. Don't believe that because

they laugh they are happy. That is only the way they have of throwing off their burden.

"The far country is a place of waste. The waste of everything that is good and blessed. He wastes everything that is pure. It is a waste of the powers of the mind. It reduces his efficiency, his will powers and his affections. There is no love, no affection in the far country. There is no happiness there. There are no friends there. Just as long as you have a dollar in the far country you have friends, but when you have lost your last dollar you have also lost your last friend. "The far country is a place of riotous living. There is nothing in this world that is worth anything to any of us except character. We don't have to go to the depths to have a good time, to find happiness.

Opposes Double Standard.

"The far country is a place of bad companionship. It is a place of low pleasures and low standards. I don't believe that God ever meant there should be a double standard, one for woman and one for man.

The far country is a country of famine, famine of funds. Character builds business in this country. The man who has character or the woman who has character can ask what he or she wants and get it. The most essential thing on the face of God's earth is character, and you can't build character unless you get Jesus Christ into your program. Christ is essential to all character.

"The far country is a famine of felicity. There is no happiness there. There are no friends there. I pity the man who has no friends, no home, no one who cares for him. But there are no friends in the far country. The far country is a country of hardships."

### MAY DROP 'TOTING' CHARGE

Elmo Delegation Appeal for Fred C. James Held on Two Counts.

On appeal from about a dozen residents of Elmo before Prosecuting Attorney W. G. Sawyers this afternoon, the state charge against Fred C. James of Elmo of carrying concealed weapons and of exhibiting a weapon, may be dismissed when circuit court convenes here next Monday. The delegation of James' friends was headed by John Dawson, James' counsel.

James was arrested a few days ago by Sheriff Edwin Wallace. When arraigned here he was released on \$500 bond.

Don't Knock.

Few persons do not value the good opinion of others. Pulling down the character of someone else is not the way to build up your own; the ruin of another does not mean your building up. There are some who appear to think another's possessions something taken from themselves. This is a mistake. To point out an error in another's character is not to prove a corresponding virtue in one's own.

If we decry another for being miserly, of disagreeable disposition, extravagant, or stupid and expect the hearer to see the corresponding virtue in themselves, we need to learn that this is not what the hearer usually sees. Rather he thinks how unkind such talk is and attention is called to failings in the speaker which would probably otherwise not have been noticed.

Let your chief aim be to make yourself worthy of the good opinion of others. Belittling them is a plain acknowledgment of a conscious fault of your own. The way to win the good opinion of others is to be worthy of it. If you are, you will not need to call attention to it.—Milwaukee Journal.

### MANY LICENSED TO HUNT.

With Only Rabbits to Hunt, 45 Nodaway Nimrods Take Precautionary Measures.

The applications for hunting licenses have been coming in thick and fast since January 1, when the old licenses expired. County Clerk Fred J. Yeomans has already issued forty-five certificates of this nature, and more are coming for the papers each day.

A total of 444 county hunting licenses were issued during 1913 here. No state licenses were issued.

Only rabbits and wild water fowls

may be hunted now without violating the state or federal game laws, except in the case of certain fur bearing animals. So that really only rabbits may now be bagged by the Nodaway county nimrod, for all water fowls are in the southland.

### Clyde Visitor Returns.

#### King's Daughters Entertain.

The King's Daughters class of the Methodist Sunday school of Barnard, entertained the Truth Seekers class with an oyster supper and party at the

home of Mr. and Mrs. J. E. Akey Friday evening. The affair was a forfeit for the hostesses, who were the losing side in a recent membership contest in which the two classes engaged. The evening was designated as a suffragette social. Numerous amusing stunts were participated in and several exciting contests. The prize for the best darning went to John A. Fields. The prize for being the most expert nail driver went to Miss Bertha Campbell. In a buttonhole working match, the Rev. J. L. Bilby won the prize, and in sawing poles Miss Ollie Leeper was the most expert. Charles Moore was awarded the prize for writing the best essay on domestic problems, and the final prize went to Mrs. Elmer Dougan for placing the suffragette's ballot. In compliment to the Truth Seekers class the parlors were decorated with purple and gold and

the dining room in pink and white, the colors of the King's Daughters. Fifty-five guests were entertained. One of the most enjoyable features of the entertainment was the musical program presented by Miss Blanche Stalling, pianist, George Cole, cornetist and Paul Teschner, violinist.

## MANY MISSOURIANS

(Continued from first page.)

Edward C. Tieman is another young man who is making good as assistant pension commissioner. Mr. Tieman came from Randolph county and was, for a number of years, secretary to Representative Rucker of the second district. He made a study of the law and a specialty of the pension laws while Judge Rucker was a member of the committee on pensions, and became an authority on pension matters about the capitol. Judge Rucker induced him to apply for the position he now holds, and rendered him great assistance in securing it.

He has won a strong place in the estimation of the commissioner, who gives him plenty of business to handle. He said a few days ago, "I am working harder in this job than I ever knew I could work." He has also reorganized his force on a business basis, and is gradually reducing the number of employees in the pension department and will thus save thousands of dollars to the government.

Everybody who has been active in Missouri politics knows Colonel Ed A. Glenn of Pike county. He was for some years a member of the Democratic state central committee, and made Colonel Dave Ball a real contender for the gubernatorial nomination. He was field manager for Speaker Champ Clark in his race for the presidency in 1912, and had the game won at Baltimore when William J. Bryan appeared on the scene.

Mr. Glenn was for a while journal clerk of the house of representatives, but resigned the place to accept a membership on the Mississippi river commission, a position he now holds. When a small boy he was compelled to earn his own way, and has more than succeeded at it. He is now the owner of several hundred acres of fine land in Pike county, and may be classed as a real "go-getter" in both business and politics.

### HIGH SCHOOL NOTES.

The boys quartet made a hit in assembly Tuesday afternoon. The boys sang four songs and an encore. The audience wanted still another song but the quartet declined guilty to lack of preparation for a longer entertainment.

Coach Polson will try hard this year to turn out a successful track team this year. The work will begin soon. Indoor work will be taken up until it is possible to get outside. Some of the boys began their training last week. A high school letter will be given this year to the boy making certain qualifications in basket ball and track. A letter will be given for each of these two branches of athletics.

A special assembly was held Wednesday for the purpose of working up enthusiasm for the game against Albany. It made a great improvement.

Two high school boys are crippled for the time being. Emmett Bartram received a broken arm in a fall last week and Russell Woodward had the ligaments in his shoulder torn while playing basket ball Thursday afternoon.

The high school was favored with speeches by three of the Normal boys in assembly Friday afternoon. They came to tell the pupils about their basket ball schedule, but their talks were not wholly confined to that. The three boys were Orlo Quinn, Fred Vander-sloot and Fred Lewis.

The social meeting which was to have been held last night was postponed until some time next week on account of the basket ball game played last night.

The basket ball team will lose two regulars after next week. Jesse Miller and Jesse Strader belong to the January graduating class. Strader also belongs to the quartet.

## TALKS TO 'GRADS'

THE REV. G. S. COX ADDRESSES HIGH SCHOOL PUPILS.

## 'LEARN SELF-CONTROL'

Sermon to Mid-Winter Class of Eight Dwelt on Mastery of Self—Aud. Horseshoe Church.

The need of individuality, self-mastery and self-culture, and Christ's example in this regard, was emphasized in the sermon of the Rev. Gilbert S. Cox to the midwinter graduating class of eight high school pupils at the First Methodist church last night. It was almost a capacity audience that heard Mr. Cox's address to the class, the entire auditorium being filled while many were compelled to take seats in the balcony. Many from the First Christian church attended, that church abandoning evening service on this occasion.

The musical program was furnished by the usual church choir, and by Prof. P. O. Landon, organist. The choir anthem was "Unfold Ye Portals," from "The Redemption." A vocal solo, "Judge Me, O God," by Dudley Buck, was given by Mr. Cox.

The graduating class which the sermon was for, is composed of Nina L. Bent, Ruth E. Foster, Marie J. Shipp, Leah E. Norris, Roine B. Gray, James H. Gray, Jesse W. Miller, Jr., and Jesse Strader.

### Individuality Is Lost.

"We are living in an age of social emphasis," said Mr. Cox. "Men are spoken of by classification—farmers, merchants, laborers, capitalists. If we give to charity it is usually to a fund and distributed through an organization. Individual gifts to individuals are frowned upon by the well informed. The story of the young man who wished to propose to the clerk No. 429 may not be fiction. In mine, manufactory, store and market place men have lost their identity and are operators, clerks and laborers.

"In the light of these things it might seem that the text is not up to date. But whether it is or not, it is the Christian point of view. One of the finest things Jesus ever said was 'I know my sheep, and the good shepherd calleth his own by name.'

"If Jesus healed the multitudes it was by individuals, and His picture of the rewards of life is not a promise to any class, denomination, but to the individual.

"Paul was writing to Timothy, a young man whom he loved as his own son, and this was his advice. 'Take heed to thyself.'

"Make the most of your own possibilities, your own life is of first importance, increase your own possibilities but multiplying your powers.

"If advancement is ever made in education it will be because certain individuals increase in learning and culture. A class is a brilliant class only as the members of that class are apt to learn. Very little of any of the sciences, literature or art is mastered by absorption.

"Hearty personal application is the only road into an education. The building of the church began when Jesus received the reply from Peter at Caesarea Philippi. Upon this personal confession and faith will I build my church, and so it is with the building of any great and enduring enterprise. Taking heed to thyself then seems to be a very fundamental advice. When we consider the words of the world's great teachers we find that to this they have given their best thought and expression. A. J. Lyman has a book entitled 'The Three Greatest Maxims,' in which he argues that the three greatest maxims in the world deal with self-culture—know thyself, control thyself and deny thyself. These three then represent ways in which we are to cultivate the self.

### Know Yourself.

"The first is the saying of Socrates—I must first know myself. I should be absurd indeed if, while I am still in ignorance of myself, I were curious about that which is not my business. What I am, whither I am going, these are the questions.

"We recognize the fact that man's failures in the business and professional life are caused by the lack of this important knowledge. It is also evident in the moral world.

### Learn Self-Control.

"The moment of the dawning consciousness of Jesus of the meaning of His life is strikingly interesting. 'I must be about my Father's business.' We are not here to play, to dream, to drift. We have hard work to do, and loads to lift. Shun not the struggle, face it; 'tis God's gift.

"The second—control thyself—is the saying of Marcus Aurelius. 'The chief duty is self-control. Even in thy pleasures master thyself.

"The Master is again the exemplar in this. He spent thirty years of His life gaining self-control and preached three. His temptation at the beginning of His ministry was typical of the struggle that every true man must have. That battle having been won, the rest is assured success.

"In the closing moments of His life, when one yielding might have ruined all, He was led as a lamb before the mob, and as a sheep before the shearer is dumb, so he opened not His mouth.

### Master One's Self.

"The third is the saying of Jesus—deny thyself. On the surface these three seem mutually exclusive, but they really are complimentary. Self-knowledge, self-mastery and self-sacrifice make a noble road for higher manhood and womanhood. The selling and giving required of the rich young ruler is still the law of entrance into eternal life. Men whose memory we cherish today, persons the world refuses to forget, are those who have lived by this rule."

## NEW PASTOR AT ST. MARY'S

Rev. Father Schieber Assumes Duties Today—Former Pastor to Idaho.

The Rev. Willibrod Beck, O. S. B., who has been pastor of St. Mary's Catholic church for the past two years, left yesterday for Idaho, where he will assume charge of a large congregation at Cottonwood.

The Rev. Odilo Schieber, O. S. B., who has been on duty in Idaho for the past two years, has been appointed to fill the vacancy at St. Mary's church. The Rev. Father Schieber was born at Conception thirty-nine years ago. He is the son of John Schieber of Conception, and has been quite successful in his former field of labor.

### FRANK BUCK DIES.

Succumbs Yesterday to Month's Illness—Will Hold Funeral Tomorrow.

Frank Buck, aged 62, died yesterday afternoon at St. Francis hospital, his death following an illness of nearly a month, with organic heart trouble.

The funeral services will be held at 2 o'clock tomorrow afternoon at the Myrtle Tree church, east of the city. The Rev. G. S. Cox, pastor of the First Methodist church, will conduct the service, and the body will be interred in the Myrtle Tree cemetery.

Mr. Buck was born at Mansfield, O., August 11, 1852. He was married in 1874 to Miss Clara Cowell of Springfield, Ill., and their home was made there until 1882, when they moved to Nodaway county and lived on a farm northeast of the city. Mr. Buck is survived by his wife and five children. The children are Mrs. Joe Updegraff of this city; Fred Buck, living east of Maryville; Roy, of Los Angeles, Cal.; Frank of South Dakota, and Ernest, of Milwaukee. All of the children except the son in California, are in Maryville at present. A daughter, Mrs. Grace Thompson, died in this city three years ago.

### Bedford Guests Here.

Mr. and Mrs. Edward Cobb and daughter, Marian, of Bedford, Ia., spent Saturday in the city the guests of Mr. and Mrs. A. T. Clark.

### Leave for Grant City.

Mr. and Mrs. B. F. Lowry left Saturday for Grant City to spend a few weeks' visiting their son, R. H. Lowry, and family.

Mrs. W. H. Tilson of St. Joseph came to Maryville last night to spend several weeks visiting her son, W. R. Tilson, and family.

## MANY MISSOURIANS

SEVERAL GOVERNMENT POSITIONS HELD BY STATE RESIDENTS

## YOUNG MEN 'GET THERE'

Those Favored With Jobs by Uncle Samuel Not All Elderly—Agricultural Secretary Best Placed.

(By W. C. Van Cleave.)

Washington, D. C., Jan. 8.—The women have come and have seen, but they have not conquered the president yet on the federal suffrage amendment.

Missouri recess appointments do not seem to be altogether desirable.

Don Hunt of Holt county, who has been stenographer to Senator Reed for the past year was recently promoted to be clerk to the committee on manufactures, of which Senator Reed is chairman. Mr. Hunt is a young attorney of Oregon and is a bright and most excellent young man. Homer Huff, son of the Rev. William Huff of Moberly, has also recently secured a place in Senator Reed's office, taking the place formerly held by Mr. Hunt. He is also an excellent young man.

Missouri has the honor of supplying several important department officials here under the present administration, and it should be a source of satisfaction to Missourians to know that its representatives are rated as among the best.

Secretary of Agriculture Houston is credited to Missouri, although his residence in the state had been short. Former Governor Joseph W. Folk is chief counsel to the interstate commerce commission at a salary of \$10,000 per year. John D. Orear of Mexico was made minister to Bolivia.

Frank P. Walsh of Kansas City, who became famous through his brilliant defense of Dr. Hyde, charged with the murder of members of the Swope family, as the doctor's attorney in chief, is now chairman of a commission known as the commission on industrial relations, created to investigate the relations between capital and labor and numerous other things.

Joseph P. Johnston, who has been in the postal service so long that it won't run without him, has been made chief postoffice inspector. Johnston probably knows more things than he won't tell than any man in the country.

Former Governor Dockery, as third assistant postmaster general, has charge of the financial affairs of the postoffice department, and was a foregone success. His long service on the committee on appropriations, when a member of congress, gave him a valuable preliminary training for the work he is now doing, and he has worked a number of valuable reforms in his office.

He has more than doubled the deposits in the postal savings banks of the country. He has made the postal money order payable at any money order station, instead of at only one station, and has thereby worked a great inconvenience to the public. One of the serious problems he has had to deal with has been the handling of the international money order business since the outbreak of the European war.

When personal and bank checks were no longer accepted abroad the public demand for international money orders became great, and it has required skillful handling, owing to the fluctuating rates of exchange, to realize a profit for the government on this business.

James L. Baity, auditor for the war department, was a former newspaper man of La Plata, Macon county. He came to Washington as secretary to Senator Reed, and, in the early part of the administration was appointed to the place he now holds. He is a young man of good judgment and has demonstrated that a man does not have to have gray hair to make good. He has never held an office, but has taken hold like a veteran.

His office force audits the expenditures of the war department and the Panama canal enterprise, amounting to more than two hundred million dollars per year. He has a force of about 425 people, all under the civil service. He has reorganized his force so as to get capable men with the success of the administration at heart in charge of the different divisions and has materially improved the work of his department.

## FORGERY CHARGED

ALLEGED E. F. STEINBERG PASSED BAD CHECKS AT HOPKINS.

## PAL HELD FOR LARCENY

Three North End Business Firms Fall for \$18.25 Each—Suspect Waives Preliminary Today.

E. F. Steinberg, 32 years old, waived preliminary hearing in Justice W. L. Johnson's court here this morning and was bound over for trial in circuit court here next week, on a charge of having forged and passed three worthless checks each for \$18.25 in Hopkins recently. The arrest of Steinberg, followed an investigation made by Prosecuting Attorney W. G. Sawyers. It resulted Saturday night in Sheriff Edwin Wallace bringing Steinberg back to the county jail here from Savannah.

Steinberg and a pal were arrested by the Andrew county authorities last week, on complaint of a Burlington brakeman. He alleged that they stole an overcoat from him while they were passengers on a Burlington train. In the preliminary at Savannah Saturday Steinberg's pal was bound over to circuit court for larceny, while Steinberg was released.

### Is Released, Then Arrested.

Immediately Wallace " nabbed" him and brought him back to Maryville on the charge of having forged and passed the three worthless checks.

When arraigned before Justice Johnson this morning Steinberg waived liminary hearing. Being unable to furnish \$500 surety bond, he was committed to the county jail.

The checks passed at Hopkins were dated December 29. Each was for \$18.25, and was drawn on the Bank of Hopkins. They were signed "J. H. Anderson," the name Steinberg is alleged to have assumed, and were signed by "C. E. Allen," which name some suspect Steinberg's pal to have assumed. The checks were cashed by the Wolfers Mercantile company, Owl Pharmacy, and the Saylor Hardware company.

### Made Small Purchases.

In each instance, it is said, the "J. H. Anderson" would make a small purchase, then present the check, receive his change and leave.

Steinberg and his partner are said to have come to Maryville immediately after visiting Hopkins. They are said to have spent a couple of days here, then to have gone away, later to have returned, then left over the Burlington for Savannah, where they were arrested. No worthless checks bearing "Johnson's" signature have been reported by local business men.

Steinberg is held on three counts.

## BRITISH OCCUPY LILLE

Germans Evacuate French City—Catholics Head Would Not Offend Tentons.

London, Jan. 11.—The Germans have evacuated Lille, after a stubborn fight, and the British now are in possession there, according to a dispatch from Boulogne.

Amsterdam, via London, Jan. 11.—The Telegraph says it learns that the papal nuncio to Belgium has written to Cardinal Mercier, whose recent pastoral letter to the Belgian Catholics created such a discussion and led to reports that the cardinal had been detained by Germans, suggesting that hereafter he write nothing which might offend the Germans.

### HAVE SACRAMENTAL SERVICE.

South Methodist Revival Draws Many—Evangelist Describes "Passing Over."

The services at the Buchanan Street Methodist church yesterday were well attended, considering the weather. The sacramental service was especially good, and the interest of the meeting apparently is increasing.

The text last night was Mark 4:34—"Let us pass over to the other side." Evangelist Llewellyn said in part:

"The Gospel is not all didactic. Neither need we always have a subject of carefully formed theology when we come before the people with a message. The pleasing emblems and allegories of the Bible often bring the lessons to us in a more interesting way. This night excursion across the sea of Galilee makes a beautiful allegory. 'There are two sides to our existence—this side and the other side; this world and heaven.'

## LOCAL MEN ON PROGRAM

Prof. J. E. Cameron and the Rev. C. R. Green Give Addresses Farmers' Week.

The farmers' week, which begins at Columbia today and continues until Saturday, includes two Nodaway county experts on the program.

Prof. John E. Cameron, teacher in biology and agriculture at the State Normal school, will speak next Thursday on "Birds and Their Relation to Agriculture," at the country life conference, an auxiliary to the regular sessions. Prof. Cameron will leave Wednesday for Columbia.

The Rev. C. R. Green, pastor of the Harmony community church, will also speak Thursday night at Columbia. His topic will be "The Harmony Community." He was a speaker at last year's farmers' week.

D. Ward King of Maitland, "daddy of the split-log drag," also is on the program for a speech.

The Missouri state board of agriculture also will celebrate its fiftieth anniversary during farmers' week.

The following associations also will hold afternoon meetings during farmers' week: Saddle Horse Breeders' association, Cattle Feeders' association, Association of County and District Fairs, Farm Management association, Draft Horse Breeders' association, Women Farmers' club, Homemakers' conference, State Dairy association, Corn Growers' association, Missouri Country Life conference and Missouri Duroc Jersey Breeders' association. In connection with farmers' week there is held the Missouri ham and bacon show and the state corn show. The Boone County Poultry association also holds its annual meeting at the same time.

Beginning Tuesday morning the college of agriculture will conduct a free four days' short course for farmers, which course will include work in soils, farm crops, insect control, bee keeping, farm carpentry, farm forging, poultry raising, home economics, farm buildings, farm management, animal husbandry, dairy husbandry, veterinary practice, fruit production, automobile practice, slaughtering, meat cutting, rural economics, farm mechanics and forestry.

### HOLD NASH RITES.

Services Held at Baptist Church Yesterday.

The funeral services for Dr. George A. Nash, who died Friday morning, were held at 2:30 o'clock yesterday afternoon at the First Baptist church. The services were conducted by the pastor, the Rev. Lewis M. Hale.

A quartet composed of Mrs. W. M. Westbrook, Miss Hazel Everhart, Orlo Quinn and G. B. Holmes, Jr., sang several numbers and Mrs. Westbrook sang "My Lord and I." The solo was a particular favorite of Dr. Nash, and was sung by request.

The pall bearers were A. W. and S. A. Nash of St. Joseph, brothers; E. T. and J. F. Houston of Stanberry, Selby Reager of McFall and W. A. Moran of Verdon, Neb., brothers-in-law of Dr. Nash.

The interment was made in Miriam cemetery. Among the out-of-town relatives and friends attending the funeral were Dr. J. D. Houston of Nebraska City, Neb., W. A. Moran of Verdon, Neb.; Dr. H. S. Rowlett of Graham, Mr. and Mrs. Selby Reager of McFall, Mr. and Mrs. A. W. Nash, S. A. Nash and Robert Nash of St. Joseph, Dr. Beauchamp of Bedford, Ia.; Mr. and Mrs. M. C. Bean of Creston, Ia.; Mrs. Harry Foster of Des Moines, Ia., and Mrs. Maud Farr of McFall.

### FORMER RESIDENT DIES.

Mrs. Kidwell Succumbs—Will Bring Body Here for Burial.

The body of Mrs. Elizabeth Kidwell, aged 82, who died Friday at the home of her daughter, Mrs. Ida Shinabargar, of Miles City, Mont., will be brought to Maryville for burial. It will arrive here at noon tomorrow, and the funeral services will be held at 1:30 o'clock at the Oak Hill church, five miles east of the city. The body will be interred in the church cemetery.

Mrs. Kidwell lived on a farm east of Maryville until about eight years ago, when she went to Montana to make her home with her daughter.

## 3 BUY FAIR STOCK

FURNISH CAPITAL OF NODAWAY FAIR ASSOCIATION.

## INCORPORATED TODAY

A. O. Mason, J. F. Roelofson and J. A. Ford Execute Papers and Furnish Money—To Continue 29 Years.

The formal execution of the papers incorporating the Maryville-Nodaway County Fair and Agricultural association, with a capital stock of \$25,000, was made before Thomas A. Cummins, notary public, today. The incorporators were A. O. Mason, John F. Roelofson and James A. Ford. They also took all the stock. It is divided into 250 shares, assessed at \$100 each. Of this amount \$21,400 already has been subscribed.

Mason took 235 of the shares, while Ford bought ten and Roelofson took five. The amount subscribed, according to incorporation papers filed with Recorder of Deeds Dan R. Baker, this afternoon, is represented in the real estate and improvements contained in the fair grounds on East First street.

### May Sell Some Stock.

It was originally intended to sell \$5,000 of the stock outside of the incorporators, but later it was decided to take the entire amount, then perhaps later to resell some of the stock.

The fair grounds and improvements there are worth \$25,000, according to the papers, on which is a mortgage for \$3,600, due in October, 1917. The three incorporators will hold office for one year. The incorporation is for a period of twenty years.

The purpose of the association, as given in the legal documents, is to operate and conduct a general county fair and agricultural exhibition, to give premiums for exhibits and speed contests and to otherwise conduct such business as enters into the proposition of conducting a fair of this kind.

## PREPARE FOR TARKIO GAME

Normal Basket Ball Players Expect Close Game Here Wednesday in Opener.

Active preparations and hard training was begun today among the picked basket ball players of the State Normal school for the initial season basket ball game with Tarkio, Wednesday night at the Normal gymnasium. The men, according to all reports, are showing up fine, and with two more days to practice it is expected that the Normal will turn out one of the strongest basket ball teams Maryville has ever seen there.

The first team consists of Leech, Vandersloot and Scott, forwards; Quinn and Ham, centers, and McClintock, Scarlett and Woodward, guards. The initial game with the Tarkio quintet Wednesday night will be followed January 23 with a game here with William Jewell college. These first two are expected to be the closest of the entire season of seven games.

Relative to Tarkio's preparation for the season, and especially of the "starters," the following dispatch comes from that quarter:

"After four weeks practice and a barnstorming trip during the holiday vacation, the Tarkio college basket ball team will open its collegiate schedule this week, when a three days' trip will be made in a swing around the northern end of the Missouri intercollegiate conference. The schedule calls for twelve intercollegiate games, the limit allowed by the rules of the conference. Two games each will be played with Missouri Wesleyan, William Jewell, Drury and Maryville Normal, and one game will be played with the Central Wesleyan team of Warrenton."

### SICK, SOUR STOMACH, INDIGESTION OR GAS

Take "Pape's Diapepsin" and in Five Minutes You'll Wonder What Became of Misery in Stomach.

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated— just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large care at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

#### Long Time Loans for Farmers.

Mr. W. C. Brown, a former president of the New York Central railroad, now a farmer in Page county, Iowa, was one of the speakers at the farmers' congress in St. Joseph. Mr. Brown struck the keynote of the farming business when he said the dollar is the first tool the farmer needs. Mr. Brown advises long time loans for the farmers. There is a lot of good common sense in Mr. Brown's argument. So long as money is loaned on the farms that result in putting the farmer out of business so long will we have periodical hard times and business depressions. When a loan on a farm falls due in time of general depression, the mortgagee is sure to want his money. Thus many a good farmer has been forced to make a sacrifice that should never have been made. Mr. Brown says that hope is coming. He believes that relief to the farmer will come through a plan that is being worked out for a federal bank or something of that nature. He was appointed a member of the commission that spent a long time in Europe investigating the plans in vogue in that country.

The commission has one plan by which the bonds, principal and interest could be paid off in twenty-six

## AIR FLEET FLIES OVER CHANNEL

Sixteen German Aeroplanes Find Weather Too Bad For Raid.

### BIRODMEN BOMBARD DUNKIRK

England's Answer Occupies Attention of London Press and Public In Absence of Important News From Front—Allies' Artillery Superior.

London, Jan. 11.—The British reply to the American note occupies the attention of the British press and public in the absence of any important news from the battlefields. The German and French official reports of the most recent fighting in the western fields are almost a repetition of those issued on preceding days.

The British eye-witness, who has been the official historian of events at the front, lays stress on the important part played by the artillery and big explosives in modern warfare, and claims superiority for the allies in artillery, which is being used to its full strength.

From the coast to the river Oise, where the country is under water and the rivers are flooded, the big guns have been engaged continuously, but the water and the mud prevent the infantry from coming into action.

Along the Aisne valley, however, and through the Champagne district, as far as western Argonne, the French are pushing their offensive and organizing the ground which they have gained. These gains have been made at heavy cost.

#### Russ Driven Back.

The only news from the east is the German report that the Russian offensive toward Miawa has met with no success, their force having been driven back.

In the Caucasus the Turks have made a stand on the frontier near Kara-Urgan and are fiercely attacking the Russian lines.

Seemingly the Russians believe the report that the Turkish cruiser Goeben, formerly of the German navy, has been damaged, for their Black sea fleet, which is superior to the Turkish fleet without the Goeben, has been attacking Turkish ports and destroying their shipping.

Turkey and Greece are believed to be on the verge of a rupture, owing to alleged persecution of the Greeks in Asia Minor. Roumania is said to be preparing to join in the vast struggle.

German Aviators Fly Over Channel. The Times asserts that sixteen German aeroplanes were seen over the English channel Sunday.

Evidently they contemplated a raid on England, according to the Times, but apparently the pilots found the conditions too bad to continue the journey, for they turned their machines and steered in the direction of Dunkirk.

It is reported that a dozen German aeroplanes bombarded Dunkirk and environs. Thirty bombs were thrown by the airmen, but owing to the precautions that had been taken there were few victims. The material damage was unimportant.

### JENKINS' STOCK SOLD

Woman's Property Goes to Mother of Man Who Slew Her.

Cheyenne, Wyo., Jan. 11.—One of the concluding chapters of the case of J. Warren Jenkins, who murdered his wife that he might inherit her estate, but who did not live to reap the benefits of his crime, being hanged for the murder was written on the steps of the court house here when eighty-nine shares of the stock of the Leffingwell Mercantile company of Brighton, Colo., were sold at auction by Dr. C. Y. Beard, administrator of Jenkins' estate. The purchaser was A. L. Leffingwell, well stepfather of the murdered woman and president of the Leffingwell company. He secured the stock, which was appraised at more than \$8,000, for \$6,100.

The stock disposed of by Jenkins administrator constituted the greater portion of the motive for the murder of Mrs. Jenkins. Less than a year after their wedding and after she had executed a will making him her sole heir he clubbed her to death in their home here.

The proceeds of the estate now pass to his aged mother, Mrs. Annie Jenkins.

#### Student Has Hoof Disease.

Omaha, Jan. 11.—One of the first cases of a human being becoming stricken with the dread hoof and mouth disease is that of Carlisle Stanford Leutz, son of Charles M. Leutz, Young Leutz, who is a graduate of Creighton, is a first year student at the Johns Hopkins medical school in Baltimore, and is now isolated in the Johns Hopkins hospital at that place, where his case is attracting national attention.

#### Anti-Capital Punishment Society.

New York, Jan. 11.—Announcement was made of the incorporation here of the Anti-Capital Punishment society, whose object is the abolition of the death penalty in New York state. George Foster Peabody is president. Jacob H. Schiff, Bishop David H. Greer, Rabbi Stephen S. Wise and Thomas Mott Osborne, warden of Sing Sing prison, are among the vice presidents.

### 'THE HARDSHIPS OF SIN'

Baptist Evangelist Raps Prodigal Son Followers in Sermon on "Far Country."

#### Baptist Revival Topics.

Evangelist Burch will speak on the following subjects each night of this week at the First Baptist church revival:

Monday—"The Journey Back."  
Tuesday—"An Onion, Two Biscuits, a Nickel and Riding in an Automobile."  
Wednesday—"The Father's Compassion."  
Thursday—"Getting Home."  
Friday—"A Young Fool and a Wild Mule."  
Saturday—"How Connie Mack Picks a Winner."  
Each service begins at 7:30 o'clock.

"Hardships of the Far Country"—a rap at the prodigal son and his followers and a comparison of right and wrong living and the results—composed the gist of a sermon delivered last night to a large crowd at the First Baptist church by the Rev. A. E. Burch, evangelist. The service yesterday morning also was fairly well attended.

"The far country is a country of hardships," began Evangelist Burch. "I believe the man who is really serving God is having the best time. The best that is in the world is His, Christ is His, and the promise of heaven's glory is His. There is no comparison between the man that lives in sin and the man that lives for God, and I am not willing that any of us who live for Christ shall give to the world the idea that it is a hardship or a burden. The man that goes into sin, shame and iniquity is the man that has the hardships and the anguish hereafter."

#### Sinner is Unhappy.

"The far country is the place of hardships; it is the life of hardships. Don't believe that the young man or woman who goes into sin is having a good time. Don't believe that because

they laugh they are happy. That is only the way they have of throwing off their burden.

"The far country is a place of waste. The waste of everything that is good and blessed. He wastes everything that is pure. It is a waste of the powers of the mind. It reduces his efficiency, his will powers and his affections. There is no love, no affection in the far country. There is no happiness there. There are no friends there. Just as long as you have a dollar in the far country you have friends, but when you have lost your last dollar you have also lost your last friend. "The far country is a place of riotous living. There is nothing in this world that is worth anything to any of us except character. We don't have to go to the depths to have a good time, to find happiness.

#### Opposes Double Standard.

"The far country is a place of bad companionship. It is a place of low pleasures and low standards. I don't believe that God ever meant there should be a double standard, one for woman and one for man.

The far country is a country of famine, famine of funds. Character builds business in this country. The man who has character or the woman who has character can ask what he or she wants and get it. The most essential thing on the face of God's earth is character, and you can't build character unless you get Jesus Christ into your program. Christ is essential to all character.

"The far country is a famine of felicity. There is no happiness there. There are no friends there. I pity the man who has no friends, no home, no one who cares for him. But there are no friends in the far country. The far country is a country of hardships."

### MAY DROP 'TOTING' CHARGE

Elmo Delegation Appeal for Fred C. James Held on Two Counts.

On appeal from about a dozen residents of Elmo before Prosecuting Attorney W. G. Sawyers this afternoon, the state charge against Fred C. James of Elmo of carrying concealed weapons and of exhibiting a weapon, may be dismissed when circuit court convenes here next Monday. The delegation of James' friends was headed by John Dawson, James' counsel.

James was arrested a few days ago by Sheriff Edwin Wallace. When arraigned here he was released on \$500 bond.

#### Don't Knock.

Few persons do not value the good opinion of others. Pulling down the character of someone else is not the way to build up your own; the ruin of another does not mean your building up. There are some who appear to think another's possessions something taken from themselves. This is a mistake. To point out an error in another's character is not to prove a corresponding virtue in one's own.

If we decry another for being miserly, of disagreeable disposition, extravagant, or stupid and expect the hearer to see the corresponding virtue in themselves, we need to learn that this is not what the hearer usually sees. Rather he thinks how unkind such talk is and attention is called to failings in the speaker which would probably otherwise not have been noticed.

Let your chief aim be to make yourself worthy of the good opinion of others. Belittling them is a plain acknowledgment of a conscious fault of your own. The way to win the good opinion of others is to be worthy of it. If you are, you will not need to call attention to it.—Milwaukee Journal.

### MANY LICENSED TO HUNT.

With Only Rabbits to Hunt, 45 Nodaway Nimrods Take Precautionary Measures.

The applications for hunting licenses have been coming in thick and fast since January 1, when the old licenses expired. County Clerk Fred J. Yeomans has already issued forty-five certificates of this nature, and more are coming for the papers each day.

A total of 444 county hunting licenses were issued during 1913 here. No state licenses were issued.

Only rabbits and wild water fowls

may be hunted now without violating the state or federal game laws, except in the case of certain fur bearing animals. So that really only rabbits may now be bagged by the Nodaway county nimrods, for all water fowls are in the southland.

### Clyde Visitor Returns.

Miss Elizabeth Simons of Clyde returned to her home yesterday after a short visit in this city with Miss Maude Sheldon.

Mr. and Mrs. O. C. Hawk of Ravenwood spent Saturday visiting in Maryville.

#### King's Daughters Entertain.

The King's Daughters of the Methodist Sunday school of Barnard, entertained the Truth Seekers class with an oyster supper and party at the

home of Mr. and Mrs. J. E. Akey Friday evening. The affair was a forfeit for the hostesses, who were the losing side in a recent membership contest in which the two classes engaged. The evening was designated as a suffragette social. Numerous amusing stunts were participated in and several exciting contests. The prize for the best darning went to John A. Fields. The prize for being the most expert nail driver went to Miss Bertha Campbell. In a buttonhole working match, the Rev. J. L. Bilby won the prize, and in sawing poles Miss Ollie Leeper was the most expert. Charles Moore was awarded the prize for writing the best essay on domestic problems, and the final prize went to Mrs. Elmer Dougan for placing the suffragette's ballot. In compliment to the Truth Seekers class the parlors were decorated with purple and gold and

the dining room in pink and white, the colors of the King's Daughters. Fifty-five guests were entertained. One of the most enjoyable features of the entertainment was the musical program presented by Miss Blanche Stallings, pianist, George Cole, cornetist and Paul Teschner, violinist.

## MANY MISSOURIANS

(Continued from first page.)

Edward C. Tieman is another young man who is making good as assistant pension commissioner. Mr. Tieman came from Randolph county and was, for a number of years, secretary to Representative Rucker of the second district. He made a study of the law and a specialty of the pension laws while Judge Rucker was a member of the committee on pensions, and became an authority on pension matters about the capitol. Judge Rucker induced him to apply for the position he now holds, and rendered him great assistance in securing it.

He has won a strong place in the estimation of the commissioner, who gives him plenty of business to handle. He said a few days ago, "I am working harder in this job than I ever knew I could work." He has also reorganized his force on a business basis, and is gradually reducing the number of employees in the pension department and will thus save thousands of dollars to the government.

Everybody who is active in Missouri politics knows Colonel Ed A. Glenn of Pike county. He was for some years a member of the Democratic state central committee, and made Colonel Dave Ball a real contender for the gubernatorial nomination. He was field manager for Speaker Champ Clark in his race for the presidency in 1912, and had the game won at Baltimore when William J. Bryan appeared on the scene.

Mr. Glenn was for a while journal clerk of the house of representatives, but resigned the place to accept a membership on the Mississippi river commission, a position he now holds. When a small boy he was compelled to earn his own way, and has more than succeeded at it. He is now the owner of several hundred acres of fine land in Pike county, and may be classed as a real "go-getter" in both business and politics.

### HIGH SCHOOL NOTES.

The boys quartet made a hit in assembly Tuesday afternoon. The boys sang four songs and an encore. The audience wanted still another song but the quartet pleaded guilty to lack of preparation for a longer entertainment.

Coach Polson will try hard this year to turn out a successful track team this year. The work will begin soon. Indoor work will be taken up until it is possible to get outside. Some of the boys began their training last week. A high school letter will be given this year to the boy making certain qualifications in basket ball and track. A letter will be given for each of these two branches of athletics.

A special assembly was held Wednesday for the purpose of working up enthusiasm for the game against Albany. It made a great improvement. Two high school boys are crippled for the time being. Emmett Bartram received a broken arm in a fall last week and Russell Woodward had the ligaments in his shoulder torn while playing basket ball Thursday afternoon.

The high school was favored with speeches by three of the Normal boys in assembly Friday afternoon. They came to tell the pupils about their basket ball schedule, but their talks were not wholly confined to that. The three boys were Orlo Quinn, Fred Vanderloot and Fred Lewis.

The social meeting which was to have been held last night was postponed until some time next week on account of the basket ball game played last night.

The basket ball team will lose two regulars after next week. Jesse Miller and Jesse Strader belong to the January graduating class. Strader also belongs to the quartet.
